

Main Wash Detergent

Shin Primary - Laundry Main Wash Detergent Powder

Concentrated Laundry Detergent for main wash.

Shin Primary Liquids - Laundry Main Wash Detergent Liquid

Normal type main wash detergent in liquid form.

Shin Premium Plus (2 in 1) - Main Wash Detergent + Oxygen Bleach

Premix powder of main wash detergent and oxygen bleach.

Shin Classic - Normal Laundry Detergent Powder (Econ Series)

General use main wash detergent.

Laundry Bleaching Products

Shin Oxygen - Laundry Oxygen Bleach Powder (Hot Water Needed)

Oxygen bleach for fabric with colour but hot water is necessary.

Shin Chlorine - Laundry Chlorine Bleach Powder

Chlorine bleach for white fabric but only for white colour.

Shin Alkaline - Laundry Alkaline Booster Powder

Alkaline booster is to boost the alkalinity of the main wash detergent to achieve a bleaching kind of effect. This method can be used for both white and color fabric. But it needs to be neutralized using a neutralizer, and this as another extra step is the disadvantage.

Shin Sour (Neutralizer) - Laundry Alkaline Neutralizer Powder

Alkalinity neutralizer.

Other Laundry Products

Shin Soft - Laundry Fabric Softener

Fabric Softener.

Shin Extra - Laundry Emulsifier

Animal fats emulsifier cleaner. For example, dark stain on collar due to human sweat which contains fats.
